

# ***TERRA BONNE***

## **Displace Res-Q**

**Displace Res-Q** contains compounds designed to help remediate and recover turf areas plagued by stress and dry conditions. A carbohydrate-based surfactant complex is added with biostimulant compounds to help enhance turf response to stress and enhance recovery.

### **PRINCIPLE FUNCTIONING AGENTS:**

Proprietary blend of carbohydrate-based biopolymers..... 20%

### **CONTAINS NON-PLANT FOOD INGREDIENTS:**

Kelp Extracts from Ascophyllum Nodosum .....	8%
Humic Acid from Leonardite Ore .....	1.4%
Fulvic Acid .....	1%

### **DIRECTIONS FOR USE:**

Make the first application at the maximum labeled rate for corrective applications. **Displace Res-Q** will benefit from a light water-in to ensure product delivery to the root zone. **Displace Res-Q** may be tank mixed with other commonly used inputs. If unfamiliar with a new tank mix, prior to application, evaluate the tank mix for compatibility and apply to a small area to determine the effect on turf quality.

**Stress Recovery Applications:** Apply 1-2 gallons per acre every 7-10 days.

**Maintenance Applications:** Apply ½ to 1 gallon per acre every 10-14 days.
